About Me

Resourceful & eager fullstack developer with experience in planning & developing web apps including user interfaces, features and testing. Great eye for design and used to working both directly with stakeholders.

Professional Experience

SALT | C# .NET Fullstack Developer Consultant
November 2023 - Present

- Intensive three month training program for full stack web development with a focus on TDD, mob programming, and applied learning. Acquired solid foundation in C# and frameworks such as ASP.NET Core and NextJS. Hands-on experience utilizing Docker, Github Actions and Azure.
- Built a fullstack plant watering app with C#, .NET Web API, Entity Framework, Typescript, React, Azure (Azure SQL, Azure App Service, Azure Blob Storage)

Devoteam Creative Tech | Frontend Developer
April 2022 - July 2022

- Led the frontend team in a project with **Assa Abloy AB** and worked on the project from inception to deployment throughout the whole development life cycle.
- Responsible for web design implementation and functionality of UI components as well as unit testing and the frontend architecture.
- Collaborated with stakeholders during development processes to confirm creative proposals and design best practices.

The Upskill Company | Software Engineer
August 2021 - April 2022

- SAP SD tecno-functional consulant consulting for **H&M Group**.
- Perform planning, development, testing and implementation of IT solutions related to OTC/RTC flows.
- Communicate & collaborate with multi-disciplinary teams of engineers, business experts, product managers, and stakeholders on a daily basis.
- Participates in trainings to deepen knowledge in SAP.

Languages

- English (Fluent)
- Malay (Native)
- Swedish (C1)

Johanna Sawalha Executive Coaching Inc. | Web Developer

Jan 2020 - May 2020

- Handled all composition, colour, illustration, typography, and branding for website.
- Designed images, logo, and banners.
- Planned and implemented site design, functionality and navigation, along with audience funnels and data capture points.

SmartCoding | Fullstack Developer

Sep 2019 - Dec 2019

- Developed an interactive React web game application in a team of 10, following agile methodology, for Banki AB.
- Worked with a variety of different languages and frameworks such as Javascript (ES6), React, Python, Django, HTML, CSS, PostgreSQL.
